

School Council Meeting

Agenda	Minutes	Action Points
9.10.24 Narwhals	We all introduced ourselves as the new Curriculum Council. We started with lots of thoughts and ideas that we wanted to share to make school better. Workshops for children as some lessons are boring. Greater choice of after school clubs: history club, homework club, extra support for work club. Maths club for more able mathematicians. Reading competition for a whole term. Whichever class reads the most should be allowed to go to the local library for a session to read in a different environment . Develop the Geek Zone to include more board games and games for the console. The Outdoor classroom needs more resources, pens running out etc. TT Rockstars challenge again. The winner gets to choose a prize. Monitors in the corridor to ensure children are not running. <i>Could we design signs and get these made?</i> Change the sport on the playground at break and lunch.	Mrs Black to discuss with teachers Mrs Barnes Ms Wilkinson/Miss Aulsberry Mrs Langford Mrs Black Mrs Black to liaise with Mr South to see if we could get signs made Miss Frampton

School Council Meeting

We then discussed that we should do as a council as all these thoughts sounded more like someone else needed to do them!

We are going to do pupil voice with some of our peers and see what children round the school would like us to do as their councillors.

We are going to do an assembly next time on a value of our choice, written and designed by us.
