

Food Waste

Environment Council

What do you recycle at home?

Can you match them correctly?

non-recyclable household waste

food waste

plastics, glass and cans

paper and cardboard

How did you do?

Black bin for non-recyclable household waste

green lidded bin for plastics, glass and cans

orange lidded bin for food waste

green box for paper and cardboard

**What is food
waste?**

Food waste that is not recycled may be sent to landfill where it rots which is not good for the environment.

Many local authorities now collect food waste.

Food waste – how is it recycled?

Watch later

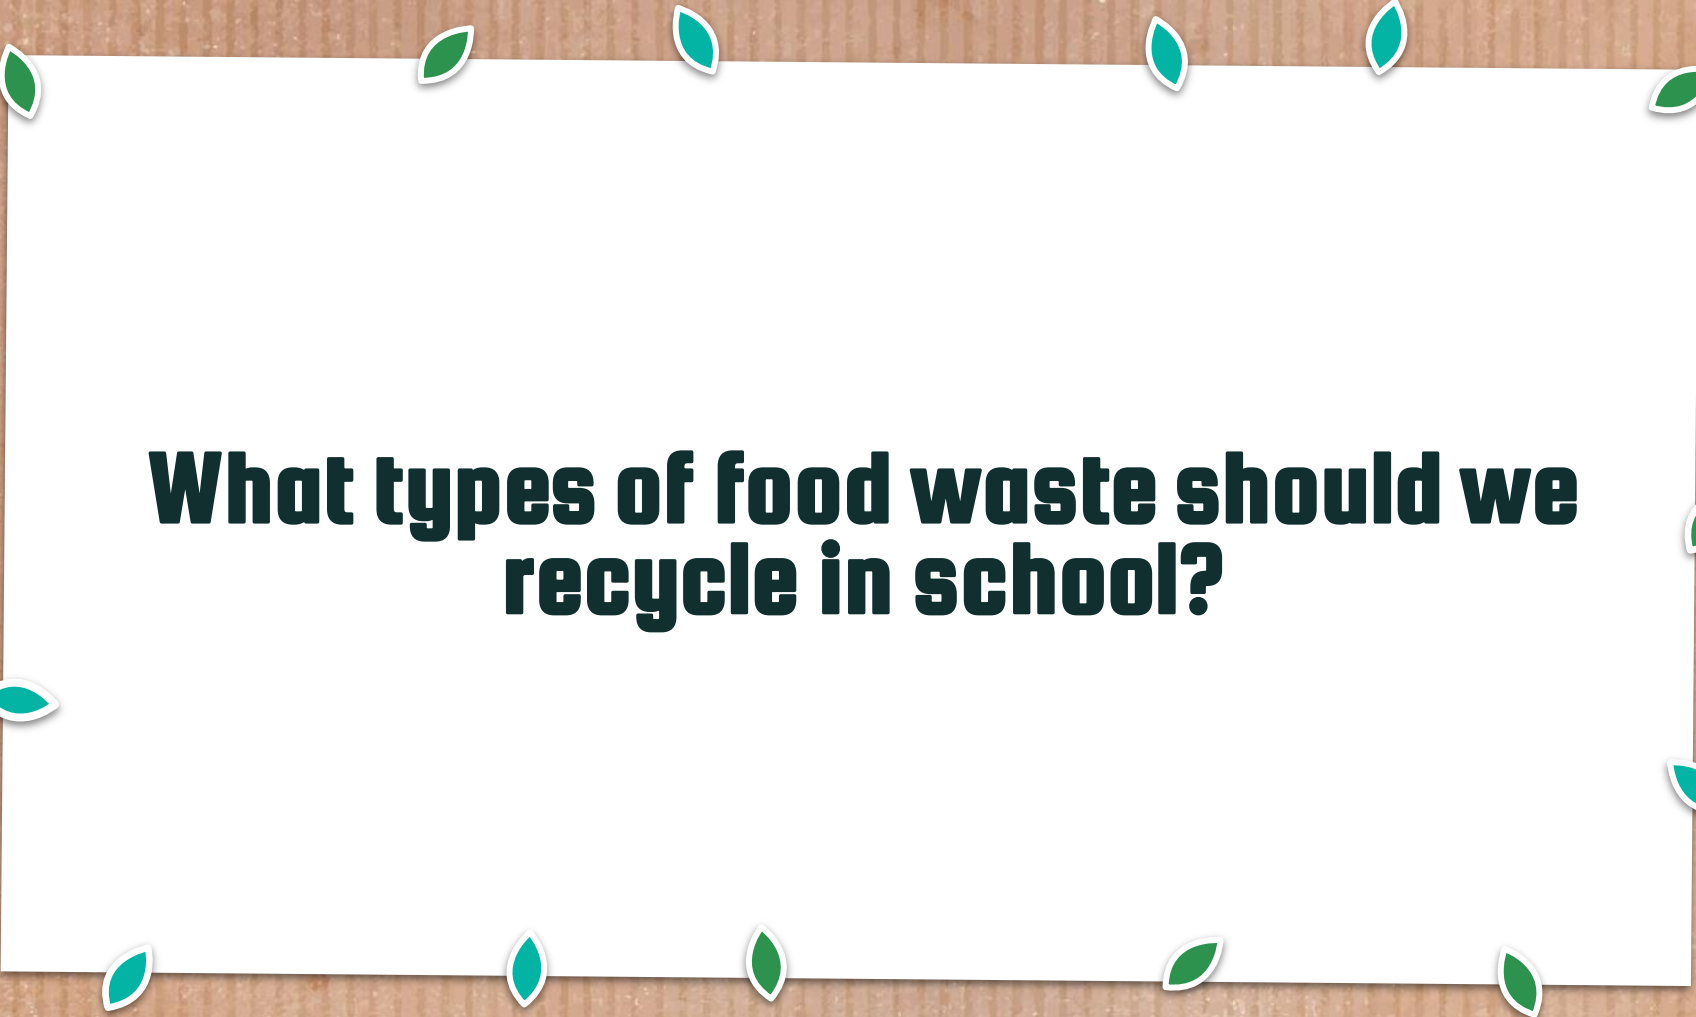

What do we put in food waste bins?

Not all of these things will be recycled at school. A lot of these things are recycled at home.

What do we **NOT** put in food waste bins?

**What types of food waste should we
recycle in school?**

**We are going to be
introducing food waste
bins at Brookfield Junior
School.**

Competition Time!

Get your designs to
Mrs Matheou by
Friday 25th April.

**Thank you for
listening to
our assembly.**
