

School Council Meeting

Agenda	Minutes	Action Points
30.1.25 The Hive - Environment Council	In today's meeting, we discussed our PowerPoint presentation for introducing recycling food waste. We came up with the following structure: Slide 1 - Why is recycling food waste important? Slide 2 - What is the difference between normal waste and food waste? Slide 3 - Picture of the food waste bins Mr South will be purchasing. Slide 4 - Food waste character competition. ** Slide 5 - Questions for the school councillors. **The Environment representatives discussed that they wanted to hold a competition for the school. Children will have February half term to create a food waste character (e.g. a super hero). This character can then be added to posters or used as a sticker for the food waste bins. At the end of the meeting. Emmi and Diane (Year 6 representatives) shared what they'd written for the Environment Council's section in the school newspaper.	Mrs Matheou to create the Power Point slide. Council to meet next week to discuss the presentation and decide what they're going to say. Year 6 representatives to give Mrs Black their write-up for the newspaper.
