

School Council Meeting

Agenda	Minutes	Action Points
18.12.24 The Hive - Environment Council	The children shared their posters and mind maps linked to recycling and how we can promote this at Brookfield. <u>We came up with the following plan:</u> 1. Talk to Mr South about recycling companies. 2. Create posters to put around the school to educate the children. 3. Classes to complete lessons about recycling. 4. Create leaflets to take home. 5. Go litter picking in our local area. 6. Ask the Curriculum Council if we can write about recycling in their newspaper. <u>Things to consider:</u> When is Earth day? We can celebrate this and bring awareness. Classes could complete different challenges like walking to school, litter picking, etc. <u>Things organised for the future:</u> • Planting trees with Tania	Talk to Mr South. Organise tree planting with Tania. Speak to Mrs Black about the Curriculum Council's newspaper.
