Environment Council Meeting

Dear Flourish Food,

As the school's environment council, we have been looking at opportunities to include pupil voice in our everyday school life. If you wouldn't mind, we have gathered a number of suggestions for school lunches that we would like to share with you which may increase the amount of children choosing school dinners over packed lunches.

The two most popular dinner suggestions were chicken nuggets and paninis. We hope that you could incorporate these into the menu at some point. Another common request was for there to be a cold lunch option such as sandwiches and crisps.

There were also a few additional suggestions by children:

- Noodles
- Tacos
- Nachos
- Chicken burger
- Pizza rolls
- Different pizza toppings such as pineapple

Thank you for taking your time to read this letter and we hope that some of ideas could make it to the menu.

Yours faithfully

The Environment Council
