

Environment Council Meeting

Date: 9/3/23	Agenda	Minutes	Action Points
	Playground zones - what can we do to improve our break and lunchtimes? Absent: AE, NS	We discussed break times and lunchtimes and the equipment that we have. The children agreed that they have lots of areas inside the school and would love to have more equipment outside. We explored other schools and how they run their break and lunchtimes. See our annotated playground map below to see our ideas. <i>One of the concerns that a representative raised was that the 'digging and building' zone may be too similar to Forest School.</i>	Share this with Mr South. Write letters to local companies and inform parents on dojo about donations.
